### ABOUT NCPERS

The National Conference on Public Employee Retirement Systems (NCPERS) is the largest trade association for public sector pension funds, representing approximately 500 public funds throughout the United States and Canada. We are a unique network of public trustees, administrators, public officials and investment professionals who collectively oversee nearly \$3 trillion in retirement funds managed on behalf of seven million retirees and nearly 15 million active public servants.

Our core missions are federal **Advocacy**, conducting **Research** vital to the public pension community, and **Education** of pension trustees and officials... it's who we **ARE**.

### WHY YOU SHOULD JOIN

With the uncertainty of today's economy, many retirees are thinking about their future and financial security. They depend on you to ensure that they can retire comfortably. With access to the right resources, information and people, you can help protect and promote your public pension plan. We invite you to join NCPERS and take advantage of the wealth of information available to you, your trustees, and your administrators.

### ADVOCACY

NCPERS is the strongest voice for public pensions on Capitol Hill. Membership affords you an opportunity to stay up-to-date on the latest Congressional activities, a chance to learn the ins and outs of advocacy for your local plan at the national level, and the ability to play a role in passing legislation affecting retirees nationwide.

### RESEARCH

NCPERS produces original research and publications on a regular basis. Examples include the annual *Public Retirement Systems Study* released every January, special reports on the economic and fiscal impacts of public pensions, and periodicals such as *The Monitor*, the monthly legislative newsletter, and *PERSist*, the quarterly educational journal. Additionally, there are ad hoc co-branded research and reference publications that we produce in partnership with our members. NCPERS research and publications are provided to help public pensions learn more, help educate policymakers and the public, and facilitate a thoughtful conversation about the value of public pensions specifically and retirement security writ large.

### EDUCATION

We offer you education opportunities that are both accessible and affordable. Our budget-friendly conferences afford administrators and trustees a chance to stay current on fiduciary responsibilities. Learn while having fun at NCPERS conferences!
